UltraNutrient®

Now with Metafolin® L-5-MTHF

INTRODUCED 1996

What Is It?

UltraNutrient® combines the core vitamins and minerals of Nutrient 950® with advanced antioxidants and standardized phytonutrient extracts to provide a supplement of exceptional broad-spectrum nutritional support.*

Uses For UltraNutrient®

Enhanced Antioxidant Support: Like Nutrient 950, UltraNutrient provides a high profile of free radical scavenging antioxidants important for cardiovascular, immune, and cellular health. In addition, UltraNutrient contains reduced glutathione, alpha lipoic acid and an enhanced level of mixed carotenoids for high capacity antioxidant support.*

Enhanced Cardiovascular System Support: UltraNutrient provides folate (as Metafolin®, L-5-MTHF), vitamin B₆ and vitamin B₁₂ to support cardiovascular health and homocysteine metabolism. Metafolin® is the naturally occurring universally metabolized form of folate. It is chemically identical to the active folate metabolite, 5-methyltetrahydrofolate (L-5-MTHF), the predominant, naturally occurring form of folate in food. Through bypassing several enzymatic activation steps, it is directly usable by the body and provides all of the benefits of folic acid regardless of functional or genetic variations. UltraNutrient also provides hawthorn extract, CoQ₁₀ and ginger extract for enhanced cardiovascular support.*

Enhanced Liver Support: *Curcuma longa* (turmeric) supports liver cell function, while *Silybum marianum* (milk thistle) promotes glutathione production and superoxide dismutase activity to protect the liver from free-radical damage. Milk thistle also stimulates protein synthesis for new liver tissue and optimal hepatic functioning.*

What Is The Source?

The nutrients found in UltraNutrient® are derived from the following:

- Beta carotene: *Blakeslea trispora*
- Lycopene: natural tomato concentrate
- Lutein: marigold flower extract
- Zeaxanthin: synthetic
- Vitamin C: corn dextrose fermentation
- Vitamin E: soybean
- Vitamin D₃: cholesterol from wool fat (lanolin)
- Vitamin B₁ (thiamine HCl): synthetic
- Vitamin B₂ (riboflavin): corn dextrose fermentation
- Niacinamide and Inositol hexaniacinate: synthetic
- Vitamin B₅ (calcium pantothenate): synthetic
- Vitamin B₆ (pyridoxal HCl): synthetic
- Vitamin B₁₂ (methylcobalamin): corn dextrose fermentation
- Folate (Metafolin®, L-5-MTHF): synthetic
- Biotin: synthetic
- Minerals: naturally derived from limestone
- Reduced glutathione: derived naturally by glucose fermentation.
- CoQ₁₀: obtained naturally by fermentation
- Alpha lipoic acid: synthetic

Sources of the mineral chelates include:

- Aspartate: synthetic
- Citrate: corn dextrose fermentation
- Citrate/Malate: synthetic
- Glycinate: synthetic
- Picolinate: synthetic

Mixed carotenoid profile typically contains 15,000 mcg beta carotene, 425 mcg lycopene, 850 mcg lutein and 170 mcg zeaxanthin. Hawthorn extract is derived from *Crataegus oxyacantha* and standardized to contain 2% vitexins. Ginger extract is derived from *Zingiber officinale* root and standardized to contain 5% gingerols. Milk thistle extract is derived from *Silybum marianum* and standardized to contain 80% silymarin. Turmeric extract is derived

from *Curcuma longa* and standardized to contain 95% curcuminoids. There is no detectable GMO material in this product.

is a registered trademark of Kemin Industries, Inc.

Zeaxanthin is sourced from OPTISHARP™ brand. OPTISHARP™ is a trademark of DSM Nutritional Products, Inc.

Metafolin® is a registered Trademark of Merck KGaA, Darmstadt, Germany.

is a registered trademark of KYOWA HAKKO BIO Co., Ltd.

Recommendations

Pure Encapsulations recommends per 4-6 capsules per day, in divided doses, with meals.

Are There Any Potential Side Effects Or Precautions?

If pregnant or lactating, consult your physician before taking this product. Alpha lipoic acid may cause skin rash and potentially hypoglycemia in diabetics. Individuals who are sensitive may experience heartburn. People with a history of gallstones should consult a doctor before using ginger.

Are There Any Potential Drug Interactions?

UltraNutrient contains Vitamin E, which may react with blood thinning and other heart medications. Consult your physician for more information.

UltraNutrient®

six vegetable capsules contain  v 00	
mixed carotenoids (providing beta carotene, lycopene, lutein and zeaxanthin)	25,000 i.u.
vitamin D ₃	800 i.u.
d-alpha tocopherol succinate (vitamin E)	400 i.u.
ascorbyl palmitate (fat soluble vitamin C)	100 mg
pantothenic acid (calcium pantothenate) (B ₅)	400 mg
niacinamide	100 mg
thiamine HCl (B ₁)	100 mg
inositol hexaniacinate (no-flush niacin)	90 mg
riboflavin (B ₂).....	50 mg
riboflavin 5' phosphate (activated B ₂).....	25 mg
pyridoxine HCl (B ₆)	25 mg
pyridoxal 5' phosphate (activated B ₆).....	25 mg
methylcobalamin (B ₁₂)	1,000 mcg
folate (as Metafolin®, L-5-MTHF).....	800 mcg**
biotin	800 mcg
calcium (citrate/malate)	300 mg
magnesium (aspartate).....	200 mg
potassium (aspartate)	99 mg
zinc (picolinate)	25 mg
manganese (aspartate).....	10 mg
boron (glycinate).....	2 mg
copper (glycinate)	2 mg
chromium (polynicotinate)	500 mcg
selenium (selenomethionine).....	200 mcg
vanadium (aspartate)	200 mcg
molybdenum (aspartate)	100 mcg
CardioHealth Complex	
alpha lipoic acid (thioctic acid).....	100 mg
coenzyme Q ₁₀ (ubiquinone)	50 mg
Crataegus oxyacantha (hawthorn) extract	100 mg
(standardized to contain 2% vitexins)	
Zingiber officinale (ginger) extract	100 mg
(standardized to contain 5% gingerols)	
LiverEnhance Blend	
Silybum marianum (milk thistle) extract.....	100 mg
(standardized to contain 80% silymarin)	
turmeric (Curcuma longa) extract	200 mg
(standardized to contain 95% curcuminoids)	
reduced glutathione.....	50 mg
**Provides the recommended dose for pregnant or lactating women.	
4-6 capsules per day, in divided doses, with meals.
